

SPRING 2008

Tea forte®

DEAR RETAILERS,

My first Tea Forté package carried the words “Extraordinary Teas. Enchanting Presentation. Unforgettable Occasions”. These carefully chosen phrases continue to communicate my mission; to offer innovative teas and accessories that create moments to savor, for you and the special people in your life.

The hot tea experience has been embraced beyond my wildest expectations. Tea Forté is now available in over 30 countries, and is both served and retailed at some of the world’s most exclusive establishments. The response confirms that we are creating a new tea experience — elegant, modern, clean, and delicious.

And now, Tea-Over-Ice. More than a thirst-quenching drink, it is iced tea re-imagined; a dramatic presentation with the freshest iced tea, creating the authentic iced tea experience.

Our hot tea is known for its healthful properties, brewed fresh to capture all its goodness. Why shouldn’t iced tea be just as fresh? I have blended the finest teas just for chilling, and created delicious, refreshing beverages. I have also designed a system that lets you brew these wonderful teas and flash-chill them moments before you enjoy them. The infuser is captivating, the table side presentation is beautiful, the iced tea is remarkable and most importantly, the moment is memorable.

Be it hot tea, or our newest creation, Tea-Over-Ice, our teas and accessories help you to create occasions that will long be remembered. Tea Forté creates the pause, the excuse for a moment to be savored.

Warm regards,

PETER HEWITT - FOUNDER
